SUMMARY

As an Oceanography graduate, I have hands-on experience in remote sensing, GIS mapping and geospatial analysis. I am proficient in ArcGIS and SeaDAS, as well as advanced MS Excel, Python and R programming. I also specialize in using Google Earth Engine for satellite data processing and geographic analysis.

EDUCATION

Bachelor of Science (Honours) in Oceanography

Jan 2019 - Jan 2024

Shahjalal University of Science and Technology, Sylhet-3114, Bangladesh

CGPA: 3.66 out of 4.00

Relevant Coursework:

- GIS Technology
- Ocean Modelling
- Remote Sensing and Satellite Oceanography
- Meteorology and Ocean Forecasting
- Blue Economy and Sustainable Development
- Port and Shipping Management

Higher Secondary Certificate - Science

Jul 2016 - Jul 2018

New Govt. Degree College, Rajshahi, Bangladesh

GPA: 5.00 out of 5.00

SKILLS

GIS and Remote Sensing Tools

- **ArcGIS:** Spatial analysis, geoprocessing, cartography
- **SeaDAS/SNAP, ODV:** Ocean color data preprocessing, image classification
- **Google Earth Engine:** Satellite data processing, time-series analysis

Programming and Data Analysis

- **Python:** Pandas, NumPy, Matplotlib, scikit-learn, Seaborn
- **R:** Geospatial analysis, visualization
- **Microsoft Excel:** Advanced functions, PivotTables, dashboards

Soft Skills - Analytical thinking, teamwork, problem-solving, attention to detail

PROJECTS

Spatial and Temporal Variability of PAR, Kd₄₉₀ and SST in the Bangladesh Exclusive Economic Zone (2016-2022)

Research Project

Dec 2023

- Analyzed PAR, Kd₄₉₀ and SST to identify spatial and temporal changes.
- Investigated marine productivity by visualizing PAR, Kd₄₉₀ and SST trends.

Quantitative Analysis of Annual Chlorophyll-a and Sea Surface Temperature Fluctuations in the Bay of Bengal Using Remote Sensing Data

Academic Project

Jun 2023

- Applied satellite data to analyze seasonal trends in Chlorophyll-a and SST in the Bay of Bengal.
- Created detailed geospatial visualizations using SNAP and ArcMap.

INTERNSHIP

Marine Phytoplankton Study in the Bay of Bengal

Bangladesh Fisheries Research Institute (BFRI), Cox's Bazar, Bangladesh

Mar 2025

- Conducted phytoplankton culture, growth monitoring, and microscopic identification.
- Performed field sampling, specimen preservation, and isolation techniques.

INVOLVEMENT

Volunteer

International Symposium on Marine Resource Management

Mar 2023

Shahjalal University of Science and Technology, Sylhet-3114, Bangladesh

- Assisted with event logistics and participant coordination.
- Supported smooth execution of symposium activities.

CERTIFICATIONS

Going Places with Spatial Analysis

Mar 2025

MOOC - ESRI

- Analyzed spatial data to identify patterns and relationships in location-based data.
- Utilized methodologies to determine optimal locations and paths to make spatial predictions.

Spatial Analysis and Satellite Imagery in GIS

Nov 2023

University of Toronto - Coursera

- Filtered datasets and conducted spatial relationship analysis.
- Utilized remote sensing data and analyzed raster data.

Cartography

Mar 2022

MOOC - ESRI

- Utilized advanced techniques in map design and data visualization.
- Gained proficiency in utilizing GIS software for effective cartographic representation.

LANGUAGES

- Bengali (Native)
- English
